[ASSOCIATED PRESS NIGHT REPORT.]

ASSOCIATED PRESS NIGHT REPORT

1. The first step is to identify the problem or question that needs to be answered. This involves understanding the context and the specific requirements of the task.

—

[ASSOCIATED PRESS NIGHT REPORT.]

On cross-examination the witness

protecting the Governor, himself and year's voyage on board one of

olence were not to be found.

**PRECAUTION
ELECTRICITY
IS ON GUARD.****Steel Bars of Montana Jail
Heavily Charged.****Attempt Made to Liberate
Bill Hancy.****Mysterious Stranger Seen
About Prison.**

(BY DIRECT WIRE TO THE TIMES.)
DILLON (Mont.) Aug. 12.—[Exclusive Dispatch.] In the belief that the federates of Bill Hancy, the Canadian desperado, who is in jail here, are planning a jail delivery, Sheriff Gosman today had the steel bars across the windows of the jail connected with electric light circuits and has posted notices in the jail as follows:

"Any one touching this window does so at his peril, as 2000 volts are passing through the bars."

This morning the officers found a portion of a steel window torn aside and a large crowd gathered in the corridor near Hancy's cell. A mysterious person about the jail late at night has been seen by officers giving lantern and pistol shot signals.

This man is believed to be an unknown man seen in the hills in the company of Hancy shortly before the latter's capture, and following his attempt to rob the State Bank here.

POSTAL BANKS ARE PRAISED.**Postmaster-General Rushes Preparation to Have Savings Institutions Open in November.**

(ASSOCIATED PRESS DAY REPORT.)
NEW YORK, Aug. 12.—Plans for the installing of the Postal Savings Bank system in the New York and Brooklyn postoffices are being rushed here under the personal supervision of Postmaster-General Hitchcock. It is hoped to have the banks in operation by November.

As yet it has been impossible for the postal authorities to form any accurate estimate as to what amounts will be entrusted to the postal banks by rural New Yorkers. Postmaster-General Hitchcock is optimistic of the most popular features of the present national administration. The department is making every effort to secure quick and successful operation. We are going to try to get the banks in operation as early as possible. We have before us all the practical points of its operation abroad. Ultimately we shall have postal savings banks wherever there is a postoffice.

"Since reaching New York I have discovered that most of the opposition as developed when the proposition first was suggested, and now has disappeared. Many bankers are heartily cooperating with us. Bankers generally seemed to fear that it meant serious injury to their business. Now they are gradually coming around to the belief that it will not endanger it at all on the contrary, will release incalculable amounts of money which the poor in particular have been hoarding because they were afraid to bank it."

PRAISES POLICE SIGNALS.**English Earl Says Chicago Patrolmen Have Superior Methods for Handling Crowds.**

(ASSOCIATED PRESS DAY REPORT.)
CHICAGO, Aug. 12.—If the Earl of Buxton has his way, the London "Bobbies" may be performing on signal whistles like the Chicago policemen.

The Earl yesterday complimented Chicago's Chief of Police Steward on the excellence of Chicago's police service.

"Decidely," said the Earl, "your method seems in some respects better than ours in London. I was amazed to observe how skillfully you handle the crowds during the unusual crowd attendant to the Knights Templar convocation. It is never entirely arrested as often as in London."

He said the gesture signals used in London had to be passed down the line, causing delay, whereas all they wanted would be the whistle and set under way at once.

The Earl said he intended to take the matter up with the assistant of the largest cities when he returned to England.

JOY RIDE PROVES FATAL.**Auto Driver Is Killed and Two of His Companions Fatally Wounded in Mishap.**

(ASSOCIATED PRESS DAY REPORT.)
NEW YORK, Aug. 12.—A sixty-horse power automobile which was making better than forty miles an hour in a midnight joy ride across Staten Island, today hit an obstruction in the macadam road near the little town of Great Neck, and turned upside down.

Of the five passengers, all men, one was killed outright and two were fatally injured, while two received less serious hurt.

The dead man, who was driving the car, was identified as John Lang, an insurance broker, living near Bay Ridge, Brooklyn, and was making his way to a speed trial by moonlight, one of them received serious injuries to the head and internal injuries, from which they will die.

TAX ASSESSMENT TOO LOW.**Standard Oil Company Makes Complaint and Figures Are Raised by Request.**

(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, Aug. 12.—[Exclusive Dispatch.] The Standard Oil Company appeared before the board of review today in the person of Robert Stuart and registered a complaint that its taxes are not high enough.

The company wanted its assessment of \$150,000 raised to \$181,484.44, the amount it had scheduled. A complaint blank shows that the sum levied by the Board of Assessors as a fair estimate of the company's local wealth was \$100,000. To this amount had been added \$50,000 as a penalty for failure to file a schedule of assets.

Mr. Stuart asserted that not only had he filed a schedule, but that it was for an amount greater than the estimate of the board of review.

After explaining the mistake to Mr. Stuart, the board set the assessment at the higher figure he requested.

RACE RIOT IN NEW YORK.**Shooting Affray in a Hand-to-Hand Fight Late Tonight in the Douglas Club.**

Aggravated by the fact that the club was closed to the public, the shooting affray in a hand-to-hand fight late tonight in the Douglas Club, a resort in West Twenty-eighth street, fifty men, whites and blacks, participated in the struggle.

**IS WHOOPER
AT EIGHTY.****Infantile Cough, It's Believed,
Has Seized Former Postmaster-General.**

(BY DIRECT WIRE TO THE TIMES.)
BALTIMORE (Md.) Aug. 12.—[Exclusive Dispatch.] It is believed that Mr. Gary, one time Postmaster-General, is suffering from an attack of whooping cough. He is now 80 years old. The severity of the attack, if it proves to be whooping cough, has not yet been positively determined.

Physicians are watching the case with a great deal of interest because of the advanced age of the patient.

COLLISION.**FIVE PERSONS
ARE KILLED.****PASSENGER TRAIN STRIKES A
LOADED AUTOMOBILE.****Indiana Party Meet Terrible Death
While on Way to Lake Manitowish.****Two Others Are Seriously Injured.
Legs and Arms of One Are Crushed—One Dies in Hospital.**

(ASSOCIATED PRESS NIGHT REPORT.)
LOGANSPORT (Ind.) Aug. 12.—Five persons were killed and two were seriously injured when a southbound passenger train on the Chicago and Erie Railroad struck an automobile at a crossing a mile east of Rochester, Ind., at 6 o'clock tonight. The dead were Mrs. John Keck, Logansport; Mrs. John Eckert, 45, Logansport; Miss Anna Wagner, Indianapolis; Charles Lambert, 40, chauffeur, Logansport.

The injured are Carl Bucher, Logansport; Miss Louise Eckert, Logansport.

The party was en route to Lake Manitowish when the accident occurred. The automobile belonged to John Keck, a brewer of this city, and the members of the party were Mrs. Keck's guests.

Mrs. Keck died at the hospital at Rochester at 9:30 tonight.

AGED WOMAN ELOPES.**San Diego Matron Weds Man Thirty-seven Years Her Junior—Relatives May Annul Union.**

(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, Aug. 12.—[Exclusive Dispatch.] While Mrs. Mary Train Dibbs, 68, San Diego, Cal., and Zaneville, O., did not think the difference of thirty-seven years in the ages of sweethearts should offer a discordant note in a romance and lived up to her theory by eloping to Chicago and marrying James Dibbs, 23 years old, her relatives in the Ohio town did not share her romantic views and sent a representative to Chicago today to have the marriage annulled.

Mrs. Dibbs is 70 years old. F. M. Tannhill, an attorney of Zaneville, and a son-in-law of the new Mrs. Dibbs, prepared here today to take steps to invalidate the marriage.

It was hinted that the attorney might go as far as to start proceedings in lunacy against the bride.

Mrs. Dibbs is said to own much property in San Diego.

JAP DUTIES AFFECT TRADE.**United States Will Have to Make Reciprocal Rates With Mikado to Avert New Duties.**

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, Aug. 12.—American trade with Japan may be seriously affected, in part at least, after July 12, when the duties in the new Japanese tariff law will go into effect.

This was the fear expressed in a statement yesterday by the State Department, in which are detailed the most important charges made by the new tariff law.

Unless reciprocal tariff concessions are made by the two countries, a number of important articles of export from the United States, which now enjoy low duties under the existing conventional Japanese tariff, will have to pay considerably increased rates.

Although the treaty between Japan and the United States does not expire until July, 1912, it contains no conventional tariff arrangements, whereas those between Japan and other countries do, and for this reason, the United States on July 17, 1911, when the treaties other than its own expire, must pay the duties in full as they are enforced upon imports into Japan from other countries.

DUKE WIVES MISS ELKINS.**He Telegraphs He Will Meet Her at Baden Baden—He Travels Incognito.**

(ASSOCIATED PRESS NIGHT REPORT.)
BASEL (Switzerland) Aug. 12.—The Duke of the Abruzzi arrived here on August 11, from Italy and registered at the Hotel Three Kings as Signor Sorrento.

He left on Wednesday for Baden Baden, after sending the following telegram to Miss Katherine Elkins, who, with her mother, has been spending several months on the continent:

"I am glad to see you. I am arriving this evening. 'ABRUZZI.'"

STANTON RALLY AT SIMPSON AUDITORIUM.**Philip A. Stanton, Thomas Fitch, Frank G. Tyrrell and Other Speakers.**

A mass meeting will be held tonight at Simpson Auditorium in the interest of Hon. Philip A. Stanton for Governor.

Mr. Stanton will, for the first time since the great banquet was given him at the commencement of the campaign, address the citizens of Los Angeles in a general meeting.

The eloquent Thomas Fitch, well called the "silver-tongued orator," will also deliver an address in advocacy of Mr. Stanton.

Frank G. Tyrrell will speak on the subject of "Ideal Executives."

Mrs. M. G. Gonzales will sing "The Star Spangled Banner."

As this will be practically the closing meeting of the campaign, the attendance will undoubtedly be large. Ladies will be welcome.

**WENDLING IN
KENTUCKY JAIL.****Man Chase Ends; Quarry
Wears Same Smile.****Large Crowd Grets Alleged
Child Slayer.****Accused Refuses to Talk on
Advice of Counsel.**

(ASSOCIATED PRESS NIGHT REPORT.)
LOUISVILLE (Ky.) Aug. 12.—Joseph Wendling, wanted man on the charge of murdering Alma Kellner, was placed in the City Jail this morning, after a remarkable chase across the continent and an almost equally remarkable return in charge of Capt. John P. Carney, chief of Louisville detectives.

Wendling had no sooner been ushered into the room of the Chief of Police than he took a position in one of the large windows and began whistling and waving his hand to the great crowd that gathered below. His everlasting smile was much in evidence.

Wendling touched Kentucky soil shortly after 1 o'clock this morning when he was taken to the jail at Evansville, Ind., about 3 o'clock.

HANDCUFFED TO CAPTAIN.

Handcuffed together, Capt. Carney and his man occupied the drawing room on the Evansville train. The train was an hour late when it pulled into the union depot. A large sized but orderly crowd was kept in bounds by the police.

Wendling was hurried from the car to an automobile where there was no demonstration. Wendling was announced in Police Court. In all probability there will be one of two continuances granted and he will be held until the Criminal Court. He has already been indicted by the grand jury on a charge of murder.

LONG MAN-HUNT.

The bringing of Wendling to Louisville marks the end of one of the longest chases in detective history. The return trip from San Francisco to Louisville stretches the real hunt of about 10,000 miles to a total of over 12,000 miles.

Not until May 20, the date that the man who was wanted for the murder of a school teacher, John's father, was found in a cell in the police station, was Wendling connected with the disappearance of the child.

Wendling had been kidnapped. Numerous letters were received by the Kellner family and Frank Fehr, a wealthy brewer and uncle of the child, demanding ransom for her return.

Four months previous to the discovery of Wendling, the child was found in Louisville, not even letting his wife know that he was going away. When bloody clothing was found in Wendling's room he was charged with the murder and the wheels of the continuous search for Wendling were set in motion.

COUNSEL ADVISES SILENCE.

State's Attorney Joseph Huffaker had a short talk with Wendling in police headquarters, following his arrival.

All the questions asked by Mr. Huffaker were put in the presence of Wendling's attorney, Mr. Huffaker showed Wendling the bloody shirt, trousers and hat he is supposed to have worn in the day Alma Kellner was kidnapped.

To all of the questions asked, Wendling refused to answer on the advice of his counsel.

After thirty minutes in the City Hall Wendling was taken to jail again. Mrs. Wendling arrived at the jail after the trial and was permitted to see the plaintiff.

CALIFORNIA KNIGHTS DEPART.**Not Pleased at Not Landing Next
Convicts of Templars for Los Angeles.**

(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, Aug. 12.—[Exclusive Dispatch.] When it became known last night that the 1913 convulsion of the Knights Templar had been awarded to Denver, the California Knights immediately closed their headquarters and departed for their homes. The Los Angeles Knights were not highly pleased, to say the least, when the news was given to the Colorado city, but not a murmur was heard this morning on the action of the delegates.

The only blot to mar the entire Templar week occurred last night when a Los Angeles taxi cab threw a bottle of acid into a car occupied by Eminent Commander J. C. Lewis of Minneapolis, who was severely burned.

Chicago and Denver, the two cities, were arrested and prosecuted the acid throwers. Two arrests were made today.

A statistical report of Templars' convulsion follows:

Knights and other visitors, 750,000; fatalities, 3; accidents, 420; living expenses of knights, \$2,500,000; living expenses of visitors, \$2,500,000; spent in stores, \$2,000,000; miscellaneous, theaters, taxicabs, etc., \$1,500,000; total, \$10,000,000.

PROSECUTION FACES BULLETS.**Three "Night Rider" Witnesses Are Shot, Tempers Guard One, But State Is Understood.**

(BY DIRECT WIRE TO THE TIMES.)
HOPEKINSVILLE (Ky.) Aug. 12.—[Exclusive Dispatch.] In the face of the excitement and uneasiness following on the heels of the shooting of Milton Oliver of Lyon, of Julian Robinson in Caldwell county and of Axon Cooper in Lyon county, the state has taken steps for the commonwealth in the prosecution of persons charged with "night riding."

The prosecution is going ahead with its plans. The trial will be held in the Circuit Court on the fourth Monday in September. The shooting of the three men, which is alleged, was done for the purpose of frightening others from giving evidence against the alleged "night riders."

As he is receiving ample protection from the squad of soldiers at his home, Milton Oliver says he will give all the testimony that he has in his possession when he is called to court.

Since he has been guarded by the soldiers two attempts have been made upon his life. He is going to move from Kentucky after the trial in order to avoid further trouble.

GUARANTEE DEPOSITS DWINDLE.**AUSTIN (Tex.) Aug. 12.—[Exclusive Dispatch.] The Texas State bank commissioner today issued a statement showing that the non-interest bearing deposits in State guarantee banks June 30, totaled \$2,163,263, a decrease of \$2,960,159, compared with the May 3 statement.****WALLACE, IDAHO, IN PATH OF
TERRIFIC FOREST FIRE; ALARM.****Many Families Prepare to Flee to Safety—Call Issued for Fighters—Village of Clifton on Lower Columbia River Also Threatened—Flames Rage About Puget Sound—Many Fires in Eastern Oregon.**

(BY DIRECT WIRE TO THE TIMES.)
PORTLAND (Or.) Aug. 12.—[Exclusive Dispatch.] Forest fires are again creating havoc throughout the Pacific Northwest. Today the village of Clifton, on the Lower Columbia River, is surrounded on three sides by fire and the 125 families who compose its population, have packed their belongings, prepared to flee. Many already have gone.

Two thousand men are fighting the fires about Gray's Harbor. East of Montesano, Wash., several fires are smoldering, which threaten to bring danger to camps located near Elma. The fire north of Aberdeen is still burning, but is being carried north, where the forest is uncut. The fire around Puget Sound, however, is raging at several points, the worst one being five miles north of Bellingham. It is estimated that twenty fires are burning in Eastern Oregon and Washington, and the combined area of timber destroyed is tremendous.

WALLACE IN DANGER.

One hundred families of Wallace, Idaho, are packing up their belongings and will leave for outside points to escape forest fires, which are raging near, threatening to wipe out a portion of the city.

A dense smoke enveloping the city, making it impossible to see a distance of 200 yards, and with embers falling, carried by the wind from the burning area, Wallace is in immediate danger of destruction. An appeal has been sent to Spokane for 100 men to aid in fighting the flames, also the government has been asked to send a detachment of troops from Fort George Wright.

The present dry spell throughout the Pacific Northwest is the longest for four or five years. The woods are as dry as tinder, and new fires crop out daily. Forestry officials estimate that \$1,000,000 worth of timber has been burned in Eastern Oregon, Washington and Idaho this summer.

CITIZENS FALL ON ROOFS.

(ASSOCIATED PRESS NIGHT REPORT.)
WALLACE (Idaho) Aug. 12.—With cinders, ashes and broken timber of trees falling in the towns of Coeur d'Alene, citizens of Wallace, Mullan and Burke yesterday felt the first real apprehension of danger from forest fires. Two awnings caught fire in Wallace from cinders and the citizens generally are taking precaution to wet their roofs and exposed outbuildings thoroughly.

Mullan reports that fire from Rock Creek, three miles distant, under a strong wind, carried limbs of trees a mile and a half long and still burning into the town. The fire department was called out and all buildings drenched. The smoke was so dense that the electric lights had to be turned on at 4 p.m.

The fire broke into the Pioneer Creek Main, three and one-half miles from Wallace, in the afternoon, and a dense smoke floated into the valley, bearing ash and cinders.

Many citizens went out at night to see the fire which is burning near the Ford ranch on the opposite side of the gulch. The flames are burning away from the direction of the city.

RUSH CALL FOR TROOPS.

(ASSOCIATED PRESS NIGHT REPORT.)
PORTLAND (Or.) Aug. 12.—Federal soldiers have been asked for to combat the forest fire raging in North-eastern Washington and Eastern Oregon. In the Colville National Park, in Washington, the forest rangers have been driven back by a wall of fire six miles long. The Southern Railway has telegraphed the War Department for 100 men for Colville. The headquarters here have been advised from McKenzie, Wash., that the fire has swept over the Colville

A special dispatch from Bilbao says artillery has been mobilized.

NEGROES DIE IN WRECK.

(ASSOCIATED PRESS NIGHT REPORT.)
RALEIGH (N. C.) Aug. 12.—A negro excursion train on the Southern Railway, returning from Durham, N. C., was wrecked in the Union Station at 1:30 o'clock this morning. Several negroes are dead and a number of others were injured.

The strikers then marched to the Alcora mine, but were driven back by troops.

TROOPS ROUT STRIKERS.

Artillery Ordered to Suppress Further Demonstration of Rioting Miners in Spanish Province.

(ASSOCIATED PRESS NIGHT REPORT.)
MADRID, Aug. 12.—The striking miners of Bilbao, capital of the province of Biscaya, are resorting to violence. During the night they stopped a mineral train and stoned the crew. Several trainmen were injured.

The strikers then marched to the Alcora mine, but were driven back by troops.

A special dispatch from Bilbao says artillery has been mobilized.

Williams Fired for
Roasting Finney.

Los Angeles, Aug. 12.—(Exclusive Dispatch.) The rag team of the Los Angeles Angels, who in six pairs of pants have been the team yesterday from Francisco, and with those remnants on hand from the company department the champions tried to get one more run than they had during the previous game.

If Danny Long, Cal Ewing and the other two, seven or eight here by this afternoon before the game, the champs may be collecting three or four more runs.

A question of having enough on their backs to prevent the team from believing they are wearing artificial bathing suits probably was the cause so much that they made any runs. It probably was depressing influence on them by have made but four runs in the game.

Real reason yesterday, however, at some of the seals heaved the round in a scandalous and manner. While they were doing this, the Angels were easily napping Henry with their and the result was that enough bingles in during that hit to win me and knock the champs out of place.

Champs got two runs through the work of Kid Mohler, but the old had himself knocked twice by bingles, fanned out once and hit a run over the left fence in order to win the game, and after all in fact he was about the worst town last night over the way he had circled the ball in one place at the wrong time.

OLD NICK FINNEY.
Williams was playing first base and was a real heat for the fifth inning that he umpire Finney a blind dog, did not strike Finney as the same that his mother used to be to breakfast, and he was informed Mr. Williams that he had been to pass over five big for the support of the Pacific League.

appeared to Williams to be a man way of trying to settle the question, and he proceeded to say a large number of the you hear down about fifth and in streets Saturday when some comes in, buys all the at the place and tries to drink it.

Nick had just started on a house political speech when three him out of the game and grounds.

Henry had tumbled in the game when two singles, a second hit by pitcher Schuler with one out, but he got him of this hole when he fanned and made Hallinan force Dillman. In the second he made go out at first on an easy in-bouder and fanned Waring and started the third by fanning Dillman.

Howard rapped the ball for a single and Dillman hit. Howard dashed to third on a rat, but Madden made a fine out. Vito and Howard would have had not Vito dropped the ball, second while Howard was watching.

DID HE OR NOT?
Murphy did make good with a through the pitcher's box, scoring Howard and Dillman. Dillman would have been out if he had not dropped Lewis's berry says he never got the berry.

Murphy on first, Hallinan hit shot to Henry, and he took a about throwing the ball and read Snally to throw it at top. For some reason Williams this just about the time Murphied third. Williams was so with himself for the error he began to mumble about his luck, and while he was talking and thinking Murphy got his chance and scored by nick plate and scored before Nick got out of his trance.

got in wrong with himself the fifth inning, and had some luck, getting another error, and a trip to the clubhouse. opened up by passing Bernard only walk and scored. Back at first while Howard flew and ran to third on Dillman's out at first, McCardle to Will-Nick evidently wanted to throw to third base for a double hit in running by Williams Dillman Nick's arm and knocked out of his hand. While it toward second base Bernard was all for the Angels, for kept them from scoring again.

he was nervous in the sixth, he doubled to the left fence and third when Henry just fanned Waring down to second a moment Deimas tried to score, but was at the plate by the perfect Berry and McCardle in throwing ball down and back to the champs began their scoring in when Vito hit to left and to second when Mohler was with the ball by Thorsen, Lewis to Thorsen, who tried to throw to third but failed. With the Williams forced Vito at the a bounce to Deimas. This Mohler on third and he easily on Bodie's long sacrifice fly to

the usual big crowd of fans saw the game and naturally loved to beat the band when the Seals lost their third straight game.

Jess Orendorff, Los Angeles catcher, giving Vito the laugh while coaching in the third inning, when the third baseman dropped Madden's assist from right field to catch Howard on Dillman's hit.

Home run-Mohler (eighth inning).
Base hit—Bernard, Deimas.
Sacrifice hit—Bernard, Bodie.
Runs on balls—Thorsen, 3; on Henry, 1.
Bruck out—By Thorsen, 3; on Henry, 1.
Double play—Madden to Dillon to Hallinan.
Deimas to Howard to Dillon.
Hit by pitched ball—Howard, Mohler, 1.
Umpire—Finney and Hildebrand.

NOTES OF THE GAME.
With three on bases and one out in the first innings for the Angels, Murphy would have given a large sum of money if he could have made a home run or even a single, but the best he could do in answer to the hopes of the fans was to strike out. Guess he didn't say something to himself!

Murphy made a fine catch of Bodie's fly against the left fence in the sixth, the ball being caught with the fielder's back to the board. Ping was trying for another homer, and he has not made one in ten days.

Henry got the surprise of his life when he stopped Hallinan's grounder with his left hand in the sixth inning. He did not know he had the ball.

(BY DIRECT WIRE TO THE TIMES.)
SAN FRANCISCO, Aug. 12.—(Exclusive Dispatch.) Oakland lost a chance for glory this afternoon. With the Seals steadily losing in the Southland, it meant much to the Commuters to take their fourth straight from the Hooligans. By hitting the ball with frequency, however, the Vermonese managed to stop their own backsliding, which is one of the reasons that the Beavers now adorn first place. Incidentally, the Hooligans were 5-to-4 winners.

The Oaks were ahead at one stage of the proceedings, but after that they were never better than a tie, the southerners winning by a ninth-inning rally. Moser of the Oaks was hit much harder than Schafer, and therein lies the story.

Vernon started nicely in the first inning with a couple of safe hits, but Kitty Brashear fanned and Carlisle was caught at second by Wares with that time-honored trick of the bushes—the hidden ball.

Run-getting was fast and furious in the last of the second and the error of the third. Cuthaw for the Oaks hit through second to right field. Swadlow attempted a sacrifice and was safe at first when Brashear dropped the throw. Thomas bunted to the pitcher and the bases were full.

Cuthaw and Swadlow scored as Moser hit to center and, on Hogan's long sacrifice fly to center, Thomas tallied. It may be looked like curtains for Vernon, but not so. Hogan hit a bounder over Wolverton's head and Schafer was safe on an error by Carteron. Carlisle sacrificed and the bases were full.

Carlisle hit to center, Kitty Brashear was hit and Roy Brashear scored. Swadlow followed with a hit that drove in N. Brashear and the score was tied.

In the seventh, Oakland took a temporary lead when Moser scored on two singles and a sacrifice, but the Vermonese regained their lost position in the first of the eighth on an error by Wares, that took Roy Brashear to first, and singles by Burrell and Lind.

The finale of the game was in the ninth. With two out, Stoval singled to the right-field fence and stole second. N. Brashear put the ball into center field.

ROOT CONCLUDES CASE.

American Makes Notable Argument for American Fishermen Before the Hague Tribunal.

[ASSOCIATED PRESS NIGHT REPORT.]

THE HAGUE. Aug. 12.—United States Senator Elihu Root, in the New Foundland fisheries case, which is now before the international arbitration tribunal, concluded his arguments today with a notable presentation of the American side.

Senator Root handed to the court a chart used by Great Britain in the Halifax arbitration case, showing that Great Britain at that time held the opinion that the bays of New Foundland were included in the waters in which Americans had the right to fish.

The decision of the tribunal may be delivered as early as the first week in September.

WILL ARBITRATE CLAIMS.

South American Republics Agree to Submit Misunderstandings—Venezuela Talks on Conditions.

[ASSOCIATED PRESS NIGHT REPORT.]

BUENOS AYRES. Aug. 12.—The Pan-American Congress has approved a new convention obliging the republic of South America to submit to arbitration all pecuniary claims they are unable to settle amicably through diplomatic channels.

The Venezuelan delegate declared he signed this proposal under reserve and with the understanding that diplomatic appeal should be had only in the case of a denial of justice.

The Pool Killee has been interviewed by Irvin R. Cobb. What he revealed will be carried by Mr. Cobb in 730 Times Magazine the coming Sunday.

Finest office space in city; lowest price. Call 31-32 E. 10th St. Phone 1111.

BUREAU OF INFORMATION.
Times Branch Office, No. 411 South Spring street.

NEWS AND BUSINESS.

For the Marsh Family.
The Times yesterday received a contribution for the Marsh family, "to finish out \$100." It was from a "friend," \$5; later another "friend" sent \$2, previously acknowledged, \$95; total, \$102.

Olives Darkey Impersonation.
Miss Natalie Lee gave a delightful entertainment at the Mt. Washington hotel last evening to an exclusive and enthusiastic audience. Miss Lee's impersonation of the old-time southern plantation negro was charming and the needed hearty and repeated applause. She is a southern girl.

Hoolers to Redondo.
This is the day of the Hooler picnic at Redondo, and the Indiana Society is anticipating a great crowd. The coupon ticket, which is being sold by members of the society, is the real thing to buy, as it guarantees \$1 worth of fun for 65 cents. A number of prizes will be awarded to the winners of the foot races.

Trying for Bar Association.
W. Robinson, secretary of the Los Angeles Bar Association, yesterday received word that Attorneys Helm, Trippett and Leeds have been appointed as delegates to the meeting of the American Bar Association that will be held in Chattanooga on the three days following the 30th inst. An effort will be made to secure the meeting for this city two years hence.

Travelers to Orient.
A party will leave this city to tour China and Japan on August 20 and will include Mr. and Mrs. Willis H. Booth, Ferris Booth, Mr. and Mrs. E. P. Booth, Mr. and Mrs. E. S. Moulton, Ferris Moulton, Mr. and Mrs. P. G. Evans, E. Evans, Miss G. Evans, Mr. and Mrs. G. E. Burnham and Lewis R. Friedman. Starting at the same time for a trip around the world will be Mrs. Louise V. Frost and Mr. and Mrs. J. R. Cutler. They will sail on the steamship Korea, August 22.

BREVITIES.

"We will go up into the hills—the high hills—to the sound of snow-water and the sound of trees."—Rudyard Kipling. Take Santa Fe train at Los Angeles, via Pasadena, at 7:30 a. m. any day except Sunday. Arrive at San Jacinto 11:30 a. m. Take stage for Idyllwild at 1 p. m. Round trip, R.R. fare from Los Angeles, \$5. Stage \$4 for the round trip. Meals at Idyllwild \$10 per week. Cottages and tents furnished for housekeeping for rent. For booklet address Earl Powers, 1414 South Hope, Los Angeles. Home 1001, Main 7410.

For linotype machine composition, all faces and measures, at reduced prices, apply to The Times Linotype School, corner San Fernando and College streets; telephone Main 5200. Students wanted to learn operating; good trade, salaries high.

Replies to The Times Want Ads. addressed to the Branch Office, No. 531 South Spring, may be left for delivery at the Main Office. They will be promptly sent to the Branch Office.

Southern California Standard Guide Book, by the Los Angeles Times, Price \$1.50; by mail, \$1.75 extra. Address Times Mirror Printing and Binding House, 110 N. Broadway, Los Angeles. Hotel Rosilyn and Natick, Bed 23-cent meals. Sunday eve, 35 cents.

ORGANIZES FOR POOR.

Association on Santa Monica Bay Forms to Aid the Stricken Poor With Free Beds.

OCEAN PARK, Aug. 12.—The Good Samaritan Free Bed Association, the object of which is to equip and perpetually maintain one or more beds at the Santa Monica Bay Hospital for the benefit of the stricken poor, has completed its organization and is already engaged in the work of raising funds. The directory of the organization has been completed by the naming of officers thus: Mrs. D. G. Stephens, president; Mrs. C. H. Ritchie and E. B. Eggleston, vice-presidents; Mrs. E. G. Gill, recording secretary; Mrs. Jesse Clark, financial secretary. Regular meetings are to be held twice a month. The membership of the organization is drawn from the women's clubs and the semi-civic associations at the bay-side.

The City Board of Equalization has completed its labors and finds that this year municipal taxes will be collected upon a gross assessed valuation of \$5,675,000, which is an increase of approximately a quarter of a million over the assessment of last year. The tax levy will be \$1 on each \$18 of the assessed valuation. Of this sum \$5 cents is for the general fund and the remainder for the bond interest and redemption fund. The tax rate is an increase of 10 cents over that of last year.

Mrs. Blanche Horsey died this morning at the family home on Waldo street. She was 34 years of age and was the wife of H. H. Horsey, a Los Angeles Pacific trolley conductor. The body is to be sent to Chicago for interment.

EXPANDING. WILL ENLARGE P. E. DEPOT.

More Room Needed to Care for Passengers.

Twelve Hundred Trains Is Daily Record.

New Station to Be Built in Long Beach.

The Pacific Electric Depot is to be enlarged. Monday an engineer will examine the frame work on the ground floor and will report on the feasibility of carrying out the tentative plans which have been drawn up.

Should it be found that the structural plan of the building will allow of the alterations, the east wall of the partition of the waiting-room will be torn out and the floor of the restaurant and palm-garden will be lowered to a level with the main floor. This will double the capacity of the waiting-room, and make way for six extra gates to the platform.

If it is found possible to make the desired alterations, the line of gates will run straight back to the end of the building. This will lessen the congestion to a marked extent and will make it possible to have a separate gate for each of the important trains.

At the time the depot was built it was planned to do all of the switching of cars within the building proper and this scheme worked very well for a short time. Last fall it was found necessary to tear out the back of the building and rear a new set of elevated tracks outside for switching, as even two-car trains could not be handled inside. Now this arrangement has become wholly inadequate owing to the rapidly growing business and it is absolutely essential that further space be provided.

GREAT NUMBER OF TRAINS.

At the present time the Pacific Electric Company is handling 1200 trains a day. This is 100 more trains than the combined number running on the electric interurban roads out of Chicago, Springfield, Ill., Indianapolis, Detroit and Toledo and over the Southern Indiana line.

Since the installation of the multiple-control system on the Pacific Electric trains of four, five and even six cars are run over the busier lines, and the handling of these within the narrow confines of the depot at Sixth and Main streets has become a serious problem. It frequently happens that the trains have to be boarded out on Main street for the reason that the space within the depot is too confined.

The next step in the way of enlargement will probably be the construction of an approach for trains from the rear of the building. At the present time it would be a comparatively simple matter to run the cars of the southern line in from that direction as there is a track for supply cars running from Ninth street down to the depot.

The handling of the cars of the northern division offers more serious obstacles, however. In order to arrange the matter it will be necessary to secure several franchises and to reroute completely.

Much delay results from the necessity of running the trains out of the western entrance to the building, as there is very heavy traffic at that point over the local lines of the Los Angeles Railway Company. This frequently results in serious tie-up delays during the busiest hours of the day.

NEW DEPOT AT LONG BEACH.

Within the next few weeks the Pacific Electric Railroad Company will commence the construction of a six-story depot and office building at Long Beach. The engineer of the company is now at work, and as soon as he has solved the problem of providing an adequate foundation the architect will draw the plans.

The building will be of reinforced concrete and steel and tile, and will cost several hundred thousand dollars. It will be located on the east side of the main station, between the auditorium and the bluff.

The site for the new depot was purchased about a year ago, and a right of way was secured from the city of Long Beach in order to allow the tracks to be laid from the present line to the proposed station. There was some delay in perfecting plans, but this week General Manager McMillan, the chief engineer and the architect of the company paid Long Beach a visit and decided to take up the work at once.

The preliminary surveys of the base have been completed, but as the foundation for the building must rest on the sand of the beach, it will be necessary to have some difficult engineering problems settled before it will be safe to commence the construction of so large a building.

FIVE TO ONE.

Large Majority of Santa Monica Republicans, According to Figures of Registration.

SANTA MONICA, Aug. 12.—Word workers are in receipt of the indices of the Great Register, and the totals for the nine precincts of this city make a peculiar showing on this, the first trial of the direct primary. Five Republicans to one Democrat have declared their party affiliation, while an aggregate of 216 electors in the city will have no voice in the making of nominations, as that number refused to state their party affiliations. There are 1274 registered voters, divided into political subdivisions thus: Republican 628, Democrat 184, Socialist 26, Prohibitionist 20. In one precinct—the Eighth—not a single elector has registered. The first precinct is the largest, having 230 voters; the Ninth is the smallest, with a total of eight electors.

Efforts to identify the body of the unknown man who was found in Santa Monica Monday have served to add to the mystery. The name written in a paper in his pocket was that of George Kudorp, but the family of that name residing on Normandie street, Los Angeles, has informed Undertaker Todd that the George Kudorp of that household is still in the flesh, as his relatives received a letter from him within the last few days.

Which Kudorp is it and whether the body is really that of a Kudorp is the question that puzzles the officers who are endeavoring to unravel the mystery.

The Los Angeles Athletic team has engaged to come to this city and play a game in baseball Sunday afternoon on the Utah avenue diamond. The contesting team will be newly reorganized Santa Monica Comets.

AT THE BEACHES.

Patrons of The Times visiting any of the following named resorts during the summer season may have The Times served to them by the regular agent named by notifying either The Times main or branch office or the local agency, at the regular subscription price of 20 cents per week and 75 cents per month.

It is comforting to feel that our moral welfare is so thoroughly looked after by those whom we elected to enforce our laws. Prize fighting, actually or in moving picture reproduction is the last to come under the head of things forbidden.

Now if someone will please create a law prohibiting mis-statements in tailors' advertising, we'll be reasonably contented.

These quibbles have never been in our line, anyway. On an occasion like this, our SEMI-ANNUAL CLEARANCE SALE, when we state that our \$35 and \$33 suits are marked \$29 or that our \$25 and \$23 suits are marked \$19, you know that the truth and only the truth has been told. Better see some of the values.

HE'S AMAZED
BY BIG WORK.Inspector Humphreys Returns
from Aqueduct.Nothing Wrong That Should
Count That Way. Owens River Watershed May
be American Tyrol.

The man who knows anything wrong about the aqueduct construction and can't find it out is not a good citizen. It does not immediately make known facts," said W. M. Humphreys, member of the Board of Public Works and Inspector of Streets, who returned from a ten-day trip over the line of work yesterday.

He made the trip in an automobile with Homer Hemlin, City Engineer, and J. R. Prince, of the Engineer's office, and they spent ten days viewing the accomplishments of Mulholland's "boy."

"Before I decided to make this trip," said Humphreys, "I was told by a prominent man here that a grand jury investigation of the expenditure of the public funds would be necessary to proper material and inefficient work being paid for. This is a bold assertion and, being a member of the board in charge of the work, I determined to have visual knowledge of it. I have inspected the work from the main line to Long Valley. If there is anything that the finger of suspicion can be pointed to I want to know it, I could not find it.

"I did see small things that many might have regarded as representing poor judgment, but when I considered the immensity of the project I was amazed at the certainty of its character. The people may bestow their greatest praise on the whole aqueduct project, from the top of the Central divide to the intake, 230 miles north, to the latest security, for I am sure that the progress that has been made in the certainty of its character, the way to utter derision down here in Los Angeles, but any fair-minded man who will make the trip will see the work done."

"AMERICAN TYROL"

Humphreys also reports that the country was shared by the people of Nevada and Inyo county toward Los Angeles because of the water secured by the city is fast disappearing. A land boom near Independence and Bishop and the coming of new settlers has taught the lesson of the big advantage of the city's water.

"The people are about to ask Los Angeles to cooperate with them in the building of an American Tyrol, for in may be found in the great range of snow-capped peaks in the Sierras. It means something entirely new to Los Angeles. The city is now in the region of actual autumn and summer weather, but if the city of Independence and Bishop, their way the great glacial region of Mt. Whitney will be ours for a automobile ride. It is proposed, in connection with the plan, to spend \$400,000 for a system of highways to the country west in the State to connect Los Angeles with the Yosemite. The aqueduct was built, a highway out to Mt. Whitney. It is proposed that this be extended by way of a pass north of Mono Lake to the summit. A conference in which Los Angeles will be represented will be held next month to start the new plan. This will make it possible to come and go through this new route and on to Los Angeles. For automobile trip combining summer and winter in different days I doubt if any other trip in the world. All the aqueduct is not going to the blight that was expected, the people are beginning to see it in much improved with the mountain formation and its porous water as a constant source of water supply for the city. The summer months when the water have nearly yielded to the sun, the water pours in icy streams from the immense deposits of loose on the peaks.

Humphreys went to hunt deer. He says that one day he saw a buck along a highway with the eyes of a Long Beach car, but did not kill it. His companions reluctantly admitted that Humphreys climbed about 50 feet with his rifle, shot a deer, and that he did get a shot something, but found the animal to be a coyote. Humphreys (it isn't often a man aims at a deer and bags a coyote.

"I saw many small crystal lakes scattered the party. Humphreys says he stood on one peak 11,500 feet high and looked down on thirteen as in as any Como or Lucerne.

"It was expected that Humphreys would make a special investigation of the dammed mess system, but he had nothing to say about this part of the project. His opposition only prevented an increase in the number of meals from 25 to 30 cents. Humphreys did not get home in time to attend the meeting of the Aqueduct Committee yesterday.

ELEVEN OF THEM.

Statistics for Constable in Township Courts Fighting for Four Positions—Experienced Men.

The position of constable has been a position of considerable attraction in this campaign. No more than eleven men have declared they believe they are qualified to try the four offices open.

There are five men who have always been regular Republicans who are in the race. They are Tobias B. Har- John Johnston, Charles E. Rice, and O. Richardson and Frank P. Ryan.

Those whose affiliations are declared are Lissner hyphens are Charles R. Ryan, George W. Lyons, Roger A. Ryan and Henry C. Hayes. The others are Joseph A. Bonty and William A. Boyles.

Avila has been acting as a clerk in the Township Court for several years and is familiar with all of the duties of the constable. His chief is his personality. He has a number of friends who are strong for him. He is an Elk and received the hearty endorsement of members of his lodge.

Robertson has been a deputy constable for one term. He has a reputation of always getting his man every time. He is a member of the Elks lodge and is a member of the Elks lodge. He is a member of the Elks lodge.

Richardson has been a deputy constable for one term. He has a reputation of always getting his man every time. He is a member of the Elks lodge and is a member of the Elks lodge. He is a member of the Elks lodge.

Johnston has been a deputy constable for one term. He has a reputation of always getting his man every time. He is a member of the Elks lodge and is a member of the Elks lodge. He is a member of the Elks lodge.

Rice has been a deputy constable for one term. He has a reputation of always getting his man every time. He is a member of the Elks lodge and is a member of the Elks lodge. He is a member of the Elks lodge.

Har- John has been a deputy constable for one term. He has a reputation of always getting his man every time. He is a member of the Elks lodge and is a member of the Elks lodge. He is a member of the Elks lodge.

Lyons has been a deputy constable for one term. He has a reputation of always getting his man every time. He is a member of the Elks lodge and is a member of the Elks lodge. He is a member of the Elks lodge.

Hayes has been a deputy constable for one term. He has a reputation of always getting his man every time. He is a member of the Elks lodge and is a member of the Elks lodge. He is a member of the Elks lodge.

Bonty has been a deputy constable for one term. He has a reputation of always getting his man every time. He is a member of the Elks lodge and is a member of the Elks lodge. He is a member of the Elks lodge.

Boyles has been a deputy constable for one term. He has a reputation of always getting his man every time. He is a member of the Elks lodge and is a member of the Elks lodge. He is a member of the Elks lodge.

It is likely that Justice Summerfield will take action this morning to have Avila removed.

TO HIS TRUST.DEPUTY CONSTABLE SHIELDS
MAN WANTED.Holds Warrant for Four Months.
Is Shadowed and Detectives Find Him Dicking With Stepladder for Price to Drop Case—Ernest Lightfoot Arrested.

A deputy constable who had for four months held a warrant for the arrest of a man charged with rape, but for whom he acted as agent and intermediary, was foiled last night through the work of Police Detective Roberts. The latter trailed the unfaithful officer until he found him talking with Ernest Lightfoot, for whom the warrant was issued.

Roberts, to whom the warrant was given because Deputy Constable Avila, of Justice Summerfield's court had failed to serve it, arrested Lightfoot and placed him in the City Jail.

Justice Summerfield issued the warrant April 7, following a complaint obtained by L. Sanders of No. 635 South Johnson street, who charged that Lightfoot had wronged his stepdaughter, Norma Woodell, 15 years of age. The warrant was given to Deputy Constable Avila the same day.

He seemed unable to find the man wanted and kept up a mere pretense of a search. Persons reported that Lightfoot was in the city and could be easily captured, so the warrant was finally turned over to the police.

L. Sanders called at the Central Police Station late yesterday afternoon and told the officers that a man, who gave the name of Brown, had called him up by telephone and requested him to be at Fifth and Hill streets at 8:30 o'clock. When asked what he desired, the stranger said he wanted to "fix up" the Lightfoot case.

Acting Captain of Detectives Hosick suspected trickery, and detailed Detective Roberts to watch Sanders meet the stranger, and then follow the latter. Roberts took care to have the warrant for Lightfoot as part of his sleuthing equipment.

Sanders walked to Fifth and Hill at the time fixed, and was accosted by a man who proved to be Deputy Constable Avila. The latter at once asked the outraged stepfather what he would consider an adequate money compensation for the wrong done the girl. Sanders indignantly refused to consider such a proposition, and, after arguing with him, Avila left.

Roberts trailed him, and had trouble keeping him sight, because of the trickery tactics employed by the shadowed man. Avila dodged through crowds, went into the Pacific Electric Depot, increased his trail, turned in and out of crowded places, and went out on the street again. He then took a roundabout route to the Wright & Callender building, and from there to Fifth and Olive streets, where he met Lightfoot.

Roberts glided up to the conspirators when Avila was telling of his failure. The detective seized Lightfoot.

It is likely that Justice Summerfield will take action this morning to have Avila removed.

HIRAM JOHNSON LOSING.
An Avalanche of Votes Is Slumping from Him—His Supporters Realize That He's a Goner.

That Hiram Johnson, the Lincoln-Roosevelt candidate for Governor, is doomed to defeat is the conviction of close observers. His conduct of his campaign is in no small measure responsible for this. Those who have been inclined to support him up to within the last few days, are now leaving him camp literally in droves.

In the North it is said that Johnson will win, not because of his strength there, but (as asserted in the Johnson organ here) because of his strength in the South, "which," they say, "is a hotbed of Johnson sentiment. Those who write such stuff to the effect of deceiving themselves, or else intentionally attempting to deceive the public. As a matter of fact, the South is a 'cold bed' for Mr. Johnson, and probably no one realizes it more than he. As evidence that he and his supporters believe that he is defeated, it is only necessary to call attention to the long list of defections made by him and his supporters in this end of the State against Mr. Stanton and those who are for him. Johnson, and probably no one realizes it more than he. As evidence that he and his supporters believe that he is defeated, it is only necessary to call attention to the long list of defections made by him and his supporters in this end of the State against Mr. Stanton and those who are for him.

The people are thoroughly aroused to the fact that for the purpose of increasing representation in the State Legislature, and of further representation in the United States Congress, and the redistricting of the equalization districts, to the end that the South may have its proper representation on the State Board of Equalization, it is absolutely necessary that a Southern California man be nominated and elected Governor. There is no way to effect the enormous overbalance of members in the Legislature of the territory north of the Tehachapi, compared with that from the southern end of the State, except by the selection of a Governor from Southern California. The members of the Legislature from that portion of the State lying north of the Tehachapi divide is 64 against 16, for Southern California. The people of Southern California, under these circumstances, will not aid in the increase of the power of the North by also voting for the nomination of a Governor from the North.

The voters of Southern California are considering these things; they are remembering the red ink on their tax bills of last year caused by the iniquitous action of the members of the State Board of Equalization from the North.

SQUELCHED.
HANLON CUFFS
LINK-ROOSTER.REPLIES TO QUESTIONS ASKED
TO TRIP HIM.

Audience in Miller's Hall Applauds Republican Candidate for Frank Answers to Queries Propounded by Opponent—Declares He Voted for Steamship Resolution.

William J. Hanlon, Republican candidate for Assemblyman from the Seventy-fourth District briefly answered last night in Miller's Hall, No. 621 Pasadena avenue, the question asked of him by Charles H. Randall, the Lincoln-Roosevelt candidate opposing him. Mr. Hanlon was frequently applauded.

To the question, "Why did you oppose the bill giving all of the voters of California a State-wide choice in the selection of United States Senator, your vote having been cast for an amendment which takes that choice from them and makes it advisory by districts?" Hanlon replied: "Because I want a Senator from Los Angeles. The vicinity of San Francisco Bay is the most populous, and were the entire State to cast the advisory vote

southern end of the State, except by the selection of a Governor from Southern California. The members of the Legislature from that portion of the State lying north of the Tehachapi divide is 64 against 16, for Southern California. The people of Southern California, under these circumstances, will not aid in the increase of the power of the North by also voting for the nomination of a Governor from the North.

He replied to the third question: "Why did you vote to strike from the State Constitution the provision for the election of a Governor by the people?" Hanlon replied: "I voted for it because I believe in the power of the people. I believe in the power of the people. I believe in the power of the people."

In answer to the question, "Why did you vote against the non-partisan judiciary bill and assist in its slaughter in the Assembly when the identical bill had been introduced by the chief justices of eleven States by the presiding judge of the United States Circuit Court of Appeals, by Chief Justice of the California Supreme Court, and by the San Francisco Bar Association?" Mr. Hanlon stated that despite the indorsements the bill as drawn calls for partisan nomination of judges.
